

**WORLD HEALTH RESOURCES, INC.  
STAFFING DIVISION**

## SERVICES

World Health Resources, Inc. was established in 1987 in New Jersey to provide nursing personnel. WHR grew to provide various personnel services to healthcare facilities throughout the United States.

WHR health professionals are committed to offer superior personalized patient care. Our aim is to work in partnership with our clients to render cost effective service while enhancing quality care.

We match provider requirements with staff qualifications to the satisfaction of our clients and their patients. Our service offers flexibility of staff relief and customized package in line with the client's cost containment program.

Service types: Temp; temp to perm; permanent; contract; leasing.
